

Science Camps at KIT: Adolescents Conduct Research

KIT Center for Open and Distance Learning Offers Two Camps for Pupils: “Energy” from August 3 to 8 and “Geothermal Energy” from October 26 to 31, 2014

At the KIT Science Camps, technically interested adolescents can satisfy their curiosity. (Photo: Lydia Albrecht, KIT)

Examining energy research topics, contributing own ideas, and talking to scientists: The Science Camps “Energy” and “Geothermal Energy” at the Karlsruhe Institute of Technology (KIT) will provide pupils aged from 14 to 16 with exciting insights into current research. In addition, participants will have the opportunity to meet other people and to have fun. For registration, interested persons are requested to contact the Center for Open and Distance Learning (FSZ) of KIT.
