

2016 Mechanical Engineering Day at KIT: Engineers in Industry and Science

Trade Fair, Talks and Departmental Celebratory Colloquium on July 15 –
Keynote Lecture by BMW Board Member Dr. Klaus Draeger on “Future Mobility”

As part of a trade fair, the Karlsruhe mechanical engineering institutes and their industry partners will present current research projects. (Photo: KIT Department of Mechanical Engineering)

On Friday, July 15, 2016, the Mechanical Engineering Day will provide current information from the world of research and exciting insights into different fields. It will take place from 10 a.m. in the Audimax at Campus South of the Karlsruhe Institute of Technology (KIT). The Department of Mechanical Engineering at KIT is organizing a trade fair with its institutes and industry partners under the slogan “Engineers in industry and science”, together with a lecture forum including distinguished speakers. BMW board member Dr. Klaus Draeger will be the keynote speaker at the departmental celebratory colloquium.

Karlsruhe Institute of Technology (KIT) pools its three core tasks of research, higher education, and innovation in a mission. With about 9,300 employees and 25,000 students, KIT is one of the big institutions of research and higher education in natural sciences and engineering in Europe.

KIT: The Research University in the Helmholtz Association

Since 2010, the KIT has been certified as a family-friendly university.
