KIT Career Fair with about 240 Companies

Regional, National, and International Employers Will Present Themselves – Three-day Program with Short and Expert Presentations, Check of Application Documents, and Application Photo Shootings

Meeting point of students and companies: The KIT Career Fair. (Photo: Anastasiya Sultanova, KIT)

The 7th KIT Career Fair at Karlsruhe Institute of Technology (KIT) will be a central platform to meet potential employers and establish first contacts for starting a career. From May 14 to 16, 2019, companies will present themselves to students and graduates of KIT and other universities in Karlsruhe at their booths and by short or expert presentations in the tent on the Forum of Campus South of KIT (Straße am Forum 1).

Being “The Research University in the Helmholtz Association,” KIT creates and imparts knowledge for the society and the environment. It is the objective to make significant contributions to the global challenges in the fields of energy, mobility and information.
For this, about 9,300 employees cooperate in a broad range of disciplines in natural sciences, engineering sciences, economics, and the humanities and social sciences. KIT prepares its 25,100 students for responsible tasks in society, industry, and science by offering research-based study programs. Innovation efforts at KIT build a bridge between important scientific findings and their application for the benefit of society, economic prosperity, and the preservation of our natural basis of life.

This year’s anniversary logo recalls the milestones reached by KIT and its long tradition in research, teaching, and innovation. On October 1, 2009, KIT was established by the merger of its two predecessor institutions: the Polytechnic School and later University of Karlsruhe was founded in 1825, the Nuclear Reactor Construction and Operation Company and later Karlsruhe Research Center in 1956.
