On Thursday, April 23, 2015, girls of classes 5 and higher of all types of schools may inform themselves about technical and scientific professions and studies at Karlsruhe Institute of Technology (KIT). On the 2015 Girls' Day, female scientists and technicians will present their work on Campus North and Campus South.

[...]

Karlsruhe Institute of Technology (KIT) is a public corporation pursuing the tasks of a state university of Baden-Württemberg and of a national research center of the Helmholtz Association. The KIT mission combines the three strategic lines of activity of research, higher education, and innovation. With about 9,400 employees and 24,500 students, KIT is one of the big institutions of research and higher education in natural sciences and engineering in Europe.
