

About Smart IT Systems and Big Data

KIT at the City Hall: The KIT Information • Systems • Technologies Center Presents Itself

High-performance computers are used in science to obtain new findings. (Photo: KIT)

How intelligent are translation programs, what is big in big data, and which role do algorithms play? Scientists of the KIT Information • Systems • Technologies Center will present their work relating to big data and artificial intelligence on Wednesday, January 25, 2017, 18.30 hrs, at the Karlsruhe City Hall.
