

Schroff Kolleg: New Residence for KIT Students

With the support of the Schroff Foundations, additional housing for 103 students will be built in Hagsfelder Allee (Karlsruhe)

Construction of the Schroff Kolleg will start at the end of August 2020, which would allow the students to move in by spring 2022. (Illustration: HEBERGER Hoch,- Tief- und Ingenieurbau GmbH)

With 1,276 rooms, the KIT e.V. residence is the largest non-profit provider of student accommodation in Karlsruhe after the Studierendenwerk. In Hagsfelder Allee, the association is now building a student residence, funded by the Schroff Foundations, which will in future offer accommodation for 103 students. Representatives of the media are cordially invited to the laying of the foundation stone by Ingrid Schroff, Chairwoman of the Foundation and Honorary Senator of KIT (Karlsruhe Institute of Technology), with welcome speeches by Professor Holger Hanselka, President of KIT, and Professor Olaf Dössel, Chairman of Studentenwohnheim e.V., on August 26, 2020, at 2 pm. Please register by August 24, 2020 at presse@kit.edu.
