Experiencing the world: For 25 years, the ERASMUS EU program has been supporting young people in studying abroad or passing a traineeship in other European countries. On the occasion of this anniversary, Karlsruhe Institute of Technology (KIT), in cooperation with the German Academic Exchange Service (DAAD) and other Karlsruhe universities, will organize the regional ERASMUS conference “Europa bewegt sich” on Friday, June 22. The program consists of a ceremony, a podium discussion, and information offers. Students, the interested public, and representatives of the media are cordially invited.
