The public scientific symposium of ZAK | Center for Cultural and General Studies of Karlsruhe Institute of Technology (KIT) on May 4 and 5, 2018 focuses on the rights of women, emancipatory rollbacks, and the future of open society. The public event will be opened on Friday, May 4, 2018, 7 p.m. at the Karlsruhe city hall with a keynote lecture by the human rights activist, lawyer, and imam Seyran Ateş, who lives in Berlin.

(in German only)

For this, about 9,300 employees cooperate in a broad range of disciplines in natural sciences, engineering sciences, economics, and the humanities and social sciences. KIT prepares its 25,500 students for responsible tasks in society, industry, and science by offering research-based study programs. Innovation efforts at KIT build a bridge between important scientific findings and their application for the benefit of society, economic prosperity, and the preservation of our natural basis of life.
